Rachel, thank you and the City for your recent invitation for EPA Region 6 to present an update on the San Jacinto Waste Pits site at a City Council meeting. Unfortunately, the site team / Project Manager will be unavailable at that time due to preparation required for an upcoming Remedy Review Board meeting on the site. . The RRB will have much input into final decision making.

And, as you know we provided a full site briefing for all local elected officials or their designees on April 30. However we would welcome a representative from Baytown to participate in the Community Awareness Committee's (CAC) quarterly meetings where site issues are fully briefed.

Lastly, EPA will be conducting a Public Meeting for the site in coming months to present site cleanup alternatives for comment. We look forward to your participation in that meeting.

Thanks.

Good Afternoon Mr. Walters,

The Baytown City Manager would like to request that a report be given to our Council members at an upcoming Council meeting regarding updates on the San Jacinto River Waste Pits. Would it be possible for someone from your organization to attend the meeting on Thursday, May 24th beginning at 6:30pm at Baytown City Hall (2401 Market St., Baytown, TX 77520) to give a presentation?

Thank you,

Rachel Philo
